

Appl. No. 10/735,428  
Filing Date 12/12/2003

JP920030192US1

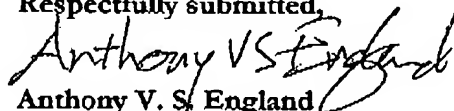

**REMARKS**

The Office action of January 3, 2006, rejected all claims on the basis of prior art and also included rejections of several claims under 35 U.S.C. 112, second paragraph, due to lack of antecedent basis, i.e., indefiniteness. Applicant filed a Reply A yesterday, April 3, 2006, amending several of the claims to address the prior art rejections. (Reply A was submitted by deposit with the U.S. Postal Service for mail delivery because it included a drawing correction.) Coincidentally, those amendments also addressed all the indefiniteness rejections except for one regarding claim 14.

This supplemental reply is to amend claim 14 to overcome its indefiniteness rejection. Specifically, claim 14 is amended as set out herein above to correct "the group of heuristics" to read "a group of heuristics."

For all other claims, and discussion thereof, see Applicant's Reply A.

Respectfully submitted,
